Thanks. We made one change to the agenda. I will get that slide soon and send it to you so if you have not, don't distribute the you just sent me yet. This final agenda slide will not include an EPA presentation.

Jorge,

We don't plan on making a formal presentation so I delete #2 and went straight into the discussion/next steps. I will have some EPA materials to share in advance of the meeting. They are under review and should be done before noon tomorrow as agreed.

We have confirmed VTC and audio dial-in information but I believe all of Denka's participants will be present in person. We have invited LDEQ to participate by audio dial-in.

Best,
David

David,

I attach a slide with the proposed agenda for Wednesday's meeting. Please pass along and let me know if you or others have any comments / add-ons.

Has the video connection information been shared?

Regards,

Jorge
